WEB-BASED PARTNER NOTIFICATION TOOLS:

The Drama Downunder
This national testing and treatment campaign for homosexually active men includes an email or SMS partner notification service and referral information for testing sites. Patients can also sign up for SMS or email reminders for their next sexual health check. It is managed by the Australian Federation of AIDS Organisations (AFAO).

Better to know
This website is aimed at Aboriginal and Torres Strait Islander peoples and provides information on BBVs and STIs, a state-based clinic directory and a partner notification tool. It is managed by the Australian Federation of AIDS Organisations (AFAO).

Let Them Know
This website helps people diagnosed with chlamydia, gonorrhoea, Mycoplasma genitalium, syphilis and trichomonas inform their sexual partners by email or SMS and provides tips on how to have the conversation in person. It was developed by the Melbourne Sexual Health Centre.

ALLIED ORGANISATIONS AND RESOURCES:

- Australasian Chapter of Sexual Health Medicine, RACP**
 - Includes clinical services and training.
- Australasian Society for HIV, Viral Hepatitis and Sexual Health Medicine (ASHM)**
 - Provides clinical guidelines, resources and training.
